

What is Activities?

“Social activities can help addicts feel more comfortable in their local NA community and increase unity and camaraderie among area members.” -GLS pg. 45

“Dances, picnics, campouts, special speaker meetings-these events are put on by area activities subcommittees. Activities like these can provide a greater sense of community for the local NA Fellowship...” -GLS pg. 55

Do You Want an Activity in your Home Group's Neighborhood, Town, or City?

What we need from you:

- ***Resources***

***With adequate people, ideas, conscience, and money
this service body can better fulfill services needed and
responsibilities assigned to it.***

- ***Support***

***With the support of fellow addicts we can help bring
unity to the Knoxville area.***

Why are we here?

“But fulfillment of the full range of NA services...usually requires more people and more money than a single group can muster on its own. The degree of organization necessary to carry out such responsibilities would divert most groups from carrying the NA message in their meetings. And the lack of coordination among groups delivering various services on their own could result in duplication, confusion, and wasted resources. For these reasons, most groups do not take such responsibilities on themselves.”
