Opened at 10:15

9 addicts present

Dixon read the traditions

Brad read the concepts

Ed read the purpose and function

Concept ten: *Any member of a service body may petition that body for the redress of a personal grievance, without fear of reprisal.*

- Cool that this concept exists; practical application
- Nice to have an atmosphere of free sharing...maybe not at area
- Open forum at area? Yes please
- Grievances are personal and about individuals
- Varies with the situation as to how to actually use this concept in real life
