

Do's and Don'ts for Flyers

DO:	DON'T:
<ul style="list-style-type: none"> • Study these guidelines • Remember the Twelve Traditions • Ask permission where necessary • Remember that our public relations policy is based on attraction rather than promotion • Remember that, though you are not a representative of NA, you are being seen as an NA member. Conduct yourself accordingly. 	<ul style="list-style-type: none"> • Go alone to post bulletins--there is less possibility of tradition violations when two or more members are present • Act as a spokesperson for NA as a whole • Antagonize those whose ideas of addiction differ from those of NA • Take contributions from outside sources • Refer to any other agency or fellowship • State an opinion or take a stand on any controversial issue

DO NOT put bulletins on telephone poles, trees, fence posts, etc., nor leave them in public restrooms. Many communities have ordinances concerning this type of activity, so it is most important to use discretion in distribution as it can affect the reputation of the entire fellowship.

Suggestions for Distribution

Public Institutions:

Police stations
 Health clinics
 Welfare offices
 Hospitals
 Courthouses
 Schools
 Libraries
 Post offices

Private businesses:

Stores
 Civic auditoriums
 Churches
 Laundromats
 Supermarkets
